Community HIV Awareness and Health Day - 20 May 2016

Theme: "An HIV Free Generation Starts With You"

The Faculty of Health and Applied Sciences invites you to their Community HIV Awareness and Health Day at the Ramblers Soccer Stadium (Pioneerspark)

Activities:

- Motivational speaker who will encourage students to reduce the stigma against HIV positive people and to get tested themselves;
- condoms will be handed out throughout the day to promote safe sexual practises and reduce transmission;
- the BSSS will have HIV related board games which will increase awareness through a competitive environment;
- the running of stalls (for example, face painting, barbecue and breakfast) by students and staff; and
- various sports activities including Rugby, Volley ball, Races, Soccer etc. in which staff and students will participate.

Transport available from Campus from 10:00 behind Engineering Building
