Instructional Designer

Requirements

A relevant Master's degree (NQF level 9), preferably in Instructional Design/Distance Education/Educational Technology with at least three years of relevant experience in the design and development of instructional materials for distance education students. Experience in developing multimedia and eLearning courses will be an advantage. Excellent computer skills and command of written English is required.

Job Description

Provide specialised instructional guidance, input, and service to course writers by facilitating the design and development of interactive, student-centred instructional material. Work collaboratively within a team environment; facilitate training of course writers; provide recommendations for interface design; sequence, assess and design instructional material and activities; determine the instructional effectiveness of course materials, and continually explore new technologies for potential application to instructional material.

CLOSING DATE: 17 NOVEMBER 2017

ASSUMPTION OF DUTIES: ASAP

Only shortlisted candidates will be contacted. No documents will be returned.

BENEFITS

NUST offers a competitive salary and the following fringe benefits:

- * Annual Bonus
- * Generous Leave Privileges
- * Housing Allowance
- * Medical Aid Scheme
- * Pension Fund
