### Department: Health Sciences

#### Lecturer: Emergency Medical Care

##### Requirements

A relevant Master's degree (NQF Level 9) with a Bachelor's degree in Emergency Medical Care (NQF Level 8) with at least four years of lecturing and/or industrial experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Competence to teach at least three of the following under- and post-graduate courses: Emergency Medical Care III, ICU and Critical Care Transport, Clinical Practice III, Emergency Medical Services Administration and Disaster and Mass Incident Management. Competence to establish professional networks and to maintain links with the industry, as well as experience in developing both under- and post-graduate programmes. A credible record of lecturing, peer-reviewed publications, community engagement, and supervision of students (research) at both under- and post-graduate levels, as well as a relevant Doctorate will be an advantage. Registered or registrable with the Health Professions Council of Namibia.

#### Laboratory Technician: Emergency Medical Care

##### Requirements

A Bachelor's degree (NQL Level 7) in Emergency Medical Care with at least two years industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Registered or registrable with the Health Professions Council of Namibia (HPCNA).

##### Job Description

Ensure proper maintenance of clinical laboratories and equipment; manage and control inventory; prepare practical sessions; provide support to students during practical sessions; make budget projections for laboratory equipment, materials and components; invigilate during practical sessions/examinations; set, mark and evaluate students' laboratory exercises and reports; organise excursions for different courses where necessary; provide first aid training and carry out any other work-related duties as assigned by superiors.
